

LINEN  
SERIES

LAMINATED FABRIC DIFFUSERS

# LIGHTWAY INDUSTRIES

*As you know, acrylic fabric diffusers are no stranger to the lighting industry, and for a good reason! Lightway's Linen Series features washable acrylic lenses made from fused pure polyester fabric.*

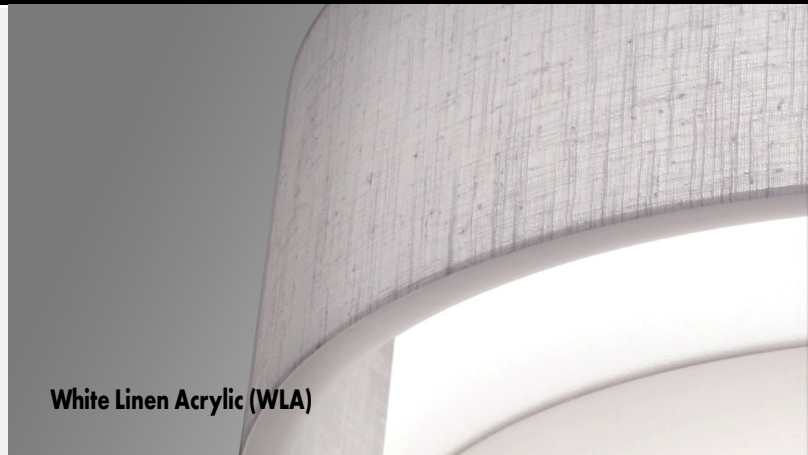

*Lightway's Linen Series includes the LC Drum & Tiered Collection, Decorative Accent Collection, RE Collection, as well as the Steel & Linen Sconce Collection.*

*All our contemporary Damp-Listed Linen Series collections are made-to-order in America to satisfy all your custom design and mechanical accommodations.*

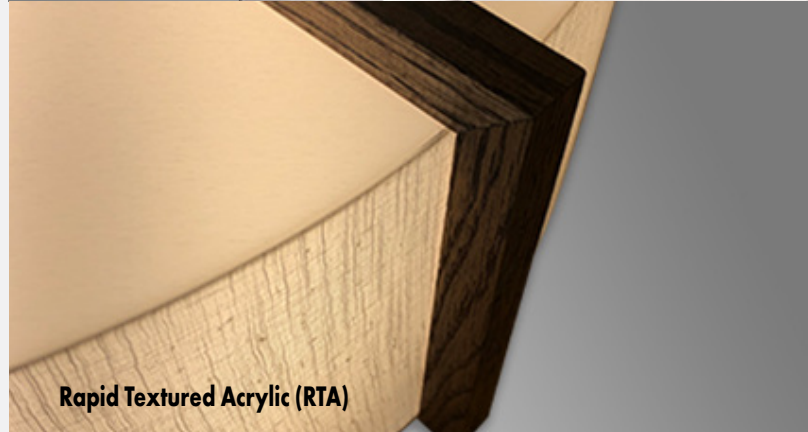

*Combined with your desired powder coat or metal finish, Lightway's four-color selection of acrylic diffusers will add comfort and warmth to any space.*

*As usual, shipments include mounting hardware and information as well as a 5-year warranty on LED components.*

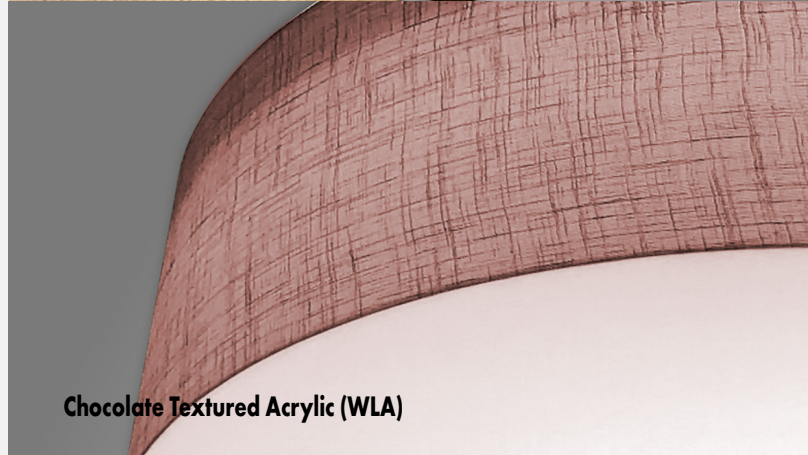

*Choosing to install Lightway's Linen Series is an investment in your building's value and improvement.*

**LED:** 90% more energy efficient than an incandescent light bulb. Pros of our replaceable LED modules include brighter illumination and longevity.

**UL Listed DAMP Location:** Perfect for exterior or cored interior locations subject to condensation, including bathrooms.

**ADA Compliant:** Several fixtures in this series meet the Americans with Disabilities Act standards in size and installation.

**Dimmable:** All products include standard dimming via a 0-10v interface. TRIAC/ELV is also available in most cases.

**Backup Battery:** During a power outage, the CEC compliant integrated battery activates, providing at least 90 minutes of reliable emergency lighting.

**Concealed Occupancy Sensor:** Detects the presence of people in a target monitored area. The sensor produces signals whenever or not the subject is in

# LC - Classic Drum Collection

The Classic Drum Collection includes ceiling, pendant, and wall-mounted fixtures made to complement one another in any range of applications and spaces. The minimalist design and the low profile of the mounted ceiling fixtures are always stylish for lobbies, entryways, and corridors.
