

LIGHTWAY INDUSTRIES · ARCHITECTURAL LIGHTING

LC Series

Round drum luminaires in ceiling and pendant mount — dressed in linen, faux wood, color or pattern.

BABAA COMPLIANT

LED & SOCKET BASED

CEILING & PENDANT

MADE IN USA

LCLC Ceiling · LCLH Pendant

www.lightwayind.com

One silhouette. Endless expressions.

The LC Series pairs a clean, round drum profile with a soft, glare-free white textured acrylic bottom diffuser. Choose the side lens that fits the space — classic bonded linen, the warmth of faux wood, any solid color, or a pattern, logo or message of your own — and specify it as a flush ceiling mount or a matching pendant.

LCLC · Ceiling Mount

Close-to-ceiling drum for corridors, lobbies, waiting areas and classrooms. Mounting kit included for a standard J-box.

LCLH · Pendant Mount

Stem or aircraft-cable suspension with custom overall heights — ideal for open ceilings, dining and retail.

Series highlights

- Six standard sizes, 12" to 36"
- LED or E26 socket based
- Universal 120/277V
- CRI > 90, replaceable LED module
- 2700K – 5000K CCT
- Dimming to 10% or 1%
- UL & cUL listed, damp location
- 5-year LED warranty
- Integral battery backup option
- Concealed occupancy sensor option

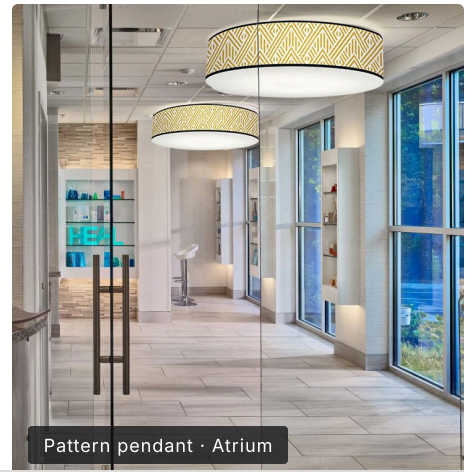

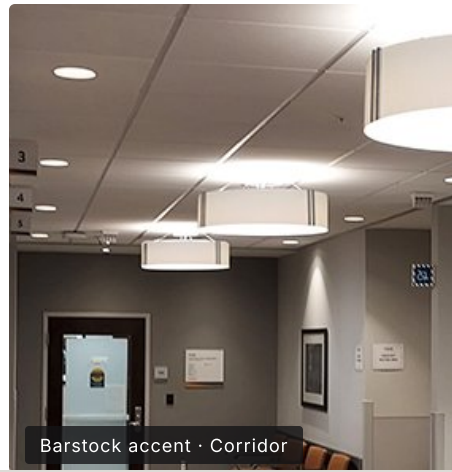

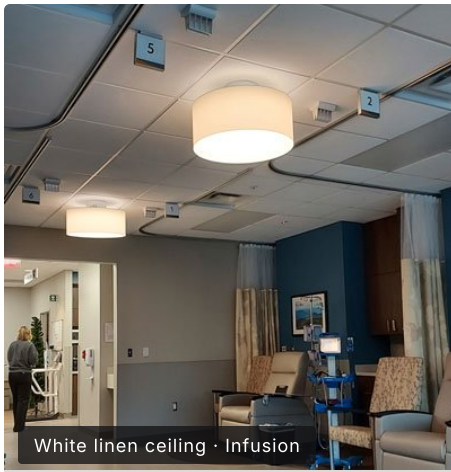

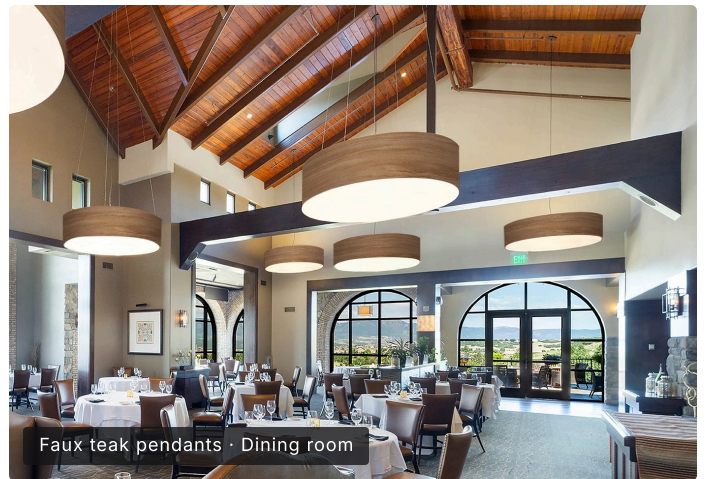

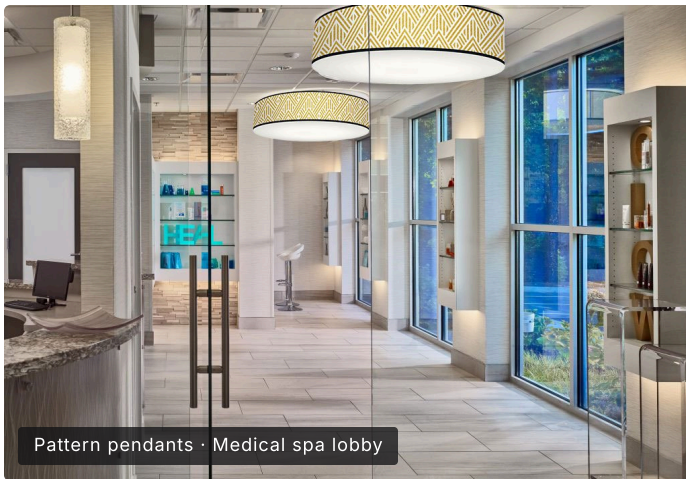

COMPLIANCE

Fully BABAA Compliant

Every LC Series configuration — ceiling and pendant, LED and socket based — meets the Build America, Buy America Act. Proudly made in Valencia, California.

IN THE FIELD

Applications

Linen

Classic linen shades bring timeless charm and sophistication. Lightway's bonded linen lens pairs that traditional look with the durability and easy maintenance of acrylic — simply wipe with a damp cloth to remove dust.

- Translucent bonded linen side diffuser
- White textured acrylic bottom diffuser
- Steel canopy and housing, powder coated

LCLC with Sable Linen side lens

Faux Wood

There's a unique warmth and elegance that wood brings to any décor. The LC Series captures it in a lightweight, UV-stable faux wood side diffuser — offered in four species, each as an opaque or semi-translucent lens to match the design intent.

SPECIES	OPAQUE	SEMI-TRANSLUCENT
Maple	DV1	DT1
Bamboo	DV2	DT2
Teak	DV3	DT3
Walnut	DV4	DT4

LCLH pendants, faux Teak — restaurant dining room

Ceiling & pendant in all four species

Colors

A UV-stabilized, color-laminated side diffuser in twenty standard shades — or any Pantone or HEX color you specify. Choose an opaque lens for a saturated, solid band of color, or semi-translucent for a softly glowing drum.

Patterns

Patterns, color and imagery shape ambiance and convey identity. Choose from more than 60 standard patterns — or bring your own pattern, branded imagery, logo or message. If you can envision it, Lightway can print it.

- UV-stabilized, laminated side diffuser
- Opaque CV-P### or semi-translucent CT-P###
- Custom artwork, logos and messaging
